ENGLISH'S .- Mary Shaw in "Ghosts," 2:15 and 8:15 p. m. GRAND.-High-class vaudeville, 2:15 at PARK .- "Hearts Adrift." 2 and 8 p. m. EMPIRE.—Burlesque, 2 and 8 p. m. UNIQUE.—Variety, 3 and 8 p. m.

Ibsen's "Ghosts," will be presented at Eng- be desired. The attendance, while not as lish's this afternoon and evening by the distinguished American actress, Mary Shaw, and a fine supporting company planned which includes William Elliott, Charles Swickard, William Thompson and Virginia Kline, "Ghosts" has been called a drama of heredity. The play is in three acts. There is no escaping from the doom that is foreshadowed in the opening scene for the son laden with the sins of his father. Nearly every word spoken reveals the steady movement forward of the tragic motive. The publication of "Ghosts" brought down upon Ibsen's head a perfect storm of rigorous criticism. Critics that had previously been friendly turned around and attacked him furiously, while the general public and the writers for the press raised an unusual outcry. Oddly enough, Ibsen seemed to be amazed to find his play thus received. He declared that the work was his expression of the truth as he saw it. He was denounced right and left as an enemy of society. But as years have passed by the world-or a great part of it, at least-has learned that "Ghosts" is really a powerful drama, unpleasant though it may be. Many actresses have appeared in the role of Mrs. Alving, but of those seen in the character in America it remained for Mary Shaw to

make an unqualified success in it. "Ghosts" tells the old truth that the "sins of the father will be visited upon the children. Mrs. Alving's husband was a man who lived the most dissolute life. She thus describes him in the play: "After Oswald's birth I thought Alving seemed to be a little better. But it didn't last long. And then I had to struggle twice as hard, fighting for life and death so that nobody should know what kind of a man my child's father was." It is her love for this son Oswald and her attempt to shield him from his inevitable fate that makes the drama so terribly tragic. The performances to-day should attract large audiences.

the Parisian stage," is soon to be presented | Angeles, Cal. by Charles Frohman in New York in the little plays which she made famous in Paris. All of the pieces will be done in French and as the plays are all short, several will be given each evening. This will be an experiment never tried before in America and it remains to be seen how New York will take to it. The little Parisian has just arrived in this country. She is a comedienne, singer, dancer and pantomimist, all in one, and is said to combine in her acting most delightful of the qualities that made Rejane and Judic the idols of French theater-goers. Mme. Wiehe was so sea- the drawing was made, is of cream flannel sick in crossing the ocean that she told a New York interviewer she would never return to her native land unless she could make the trip by rail or in an airship.

Sunday school societies, church organizations and women's clubs throughout the country have been persistently giving amateur performances of scenes or playlets made from Mrs. Alice Hegan Rice's popular little books, "Mrs. Wiggs of the Cabbage Patch" and "Lovey Mary." From the very outset it seemed as if there was a popular demand to see the delightful figure of Mrs. Wiggs in some dramatic incarnation, however crude: The play which has been made out of the two books by Mrs. Anne Crawford Flexner is likely to attract much attention everywhere. It will be seen at English's next Monday evening, with Madge Carr Cook in the leading role, and a number of prominent players in the other principal characters. The sale of seats for the performance is now progressing.

x x x The Grand's programme for next week promises to be another very attractive one Adolph Zink, the famous liliputian comedian, will be one of the chief features, and Captain Webb's wonderful performing seals will again give their surprising exhibition on the Grand's stage. The Jack Theo trio, European equilibrists, and the Three Zolas, acrobats from foreign vaudeville houses. will have interesting acts to contribute, and other entertainers on the bill will be Charles Kenne, a clever singer and monologuist; Lavender and Thomson, in an amusing sketch; the Howard brothers, banjoists, and Lawson and Nanon, in a

novel specialty. The Gay Merning Glories Company will give the last two performances of its engagement at the Empire to-day. The show is a good one. Next week the Empire will have the Moonlight Maids Extravaganza Company, an organization that scored a hit when seen in this city last season. A new musical travesty entitled "A Richto Round-er," will be given. Toma Hanlon, a local favorite, is at the head of the company.

With the matinee and evening performances to-day the engagement of "Hearts Adrift" will close at the Park. This play is offering, among other features popular

distinctly original novelty—a mammoth airship in full working order. While a mere mechanical stage effect, it nevertheless incites a new set of thrills that are particu-larly electric. When the huge ship rises from the stage up toward the flies, and by a clever illusion appears to be fading into the distance, the audience cannot help but feel an emotion altogether new. The Park will have two melodramas as its next week's offerings—"The Way of the Trans-gressor" and "The Price of Honor."

> When John Hare, the English actor, next visits America, in the near future, he will have a new play-"Pendennis," written for him by Paul Potter, the American dramatist, who made such a success of his stage version of Du Maurier's "Trilby." Mr. Potter says that the new piece represents the kind of work he likes to do, as it is neither an adaptation nor a dramatization, but a play built around Thackeray's famous characters. The part of Major Pendennis, to be played by Mr. Hare, will attain great prom-inence by his good-hearted cynicism and the other paradoxes to be found in the char-

> The little Unique Theater continues to draw well-entertained audiences at every performance. A matinee is given every afternoon at 3 o'clock, and in the evening there are hourly shows, the first one open-ing at 8 o'clock. Grace Morrison has made a success with her singing and dancing specialty, and the other performers on the bill are well received. There will be a change of programme next week.

> It is understood in New York that J. E. Dodson and his wife, Annie Irish, are soon to star together under the management of Klaw & Erlanger, in a play that is now being written for them. Both are now appearing in the big New York revival of "Ben-Hur," Mr. Dodson, as Simonides, a character which he created, and Miss Irish as Iris, the Egyptian woman.

The sale of seats for Walker Whiteside's engagement at English's will open this morning. The young Indiana actor will be seen at that theater next Tuesday and Wednesday nights and at a Wednesday matinee in his new play, "We Are King," which is said to be the most successful piece he has had for several years.

"Miss Viggs Ov Der Cabbidge."

One day when the bargain lady was loitering in an old book shop far off the business highway, she came across a second-hand copy of "Mrs. Wiggs of the Cabbage Patch." The little volume was almost new and quite clean, so she seized it gladly and carried it across to the melancholy-faced Polish-Hebrew gentleman who presided over Dr. and Mrs. David M. A service of wholesome, nourishing viands, that never pall upon the appetite.

More than 500,000 happy home-makers in America have declared THE LADIES' WORLD to be a continual literary feast, as they are continual subscribers.

It is a magazine that gives nourishment to the mind, strong common sense for seasoning, and a palatable preparation for the eye.

It gives just what the home needs to make it grow and flourish, and is better adapted in its practical and simple form for this purpose, at a small cost, than the more expensive publications that cater to the palate while they nourish less.

THE LADIES' WORLD is high in point of excellence-low in price. A combination of essentials rarely met with in the publication field. Many people wonder how such a beautiful and interesting publication can be produced at the low cost of five cents per copy, but judge for yourself and see if the other half million people are right in their praises.

Hotel Manners.

Washington Post. "Living in hotels is bound in time to rob a man of the manners his parents so painstakingly beat into him," said a middle-aged bachelor the other day. The jacket is a bolero, and is worn over a blouse of thin material. Lingerie waists of lightweight white silk are favorites. The simple street gown, with a short skirt and threequarters length coat, is best worn with a silk shirtwaist of the same color, or a good contrasting color. A gray suit, for example, may have a blouse of gun-metal silk, plain or fancy weave, or it may be worn with a dark blue silk blouse. A novelty brown or gray suiting, with little touches of red in the mixture, looks well when worn wit. a red blouse. In the main the safe rule is to wear a blouse of the same general tone of

& Cincinnati Company. Mr. Fletcher S. Hines and his associates have sold the Indianapolis, Shelbyville & Southeastern Traction Company to the Indianapolis & Cincinnati Traction Company. For the present the old organization of horror going up and down my spine when the Shelbyville company will be retained, I think of a thing I did at a dinner party but ultimately the properties will be one. The new owners will soon take up Greensburg and it is practically certain that a line will be built to Greensburg either from Shelbyville or Rushville, and may ultimately be built to Madison. The plan to build a double track line from Indianapolis by way of Rushville to Cincinnati will still be carried out and the new purchase will in no way affect this.

Policy of Consumers' Company. The Consumers' Gas Trust Company, being uncertain about the future of natural gas and being decidedly skeptical about the stuff holding out the rest of the winter, is allowing its patrons to pay one month's bills. The October bills have not yet been sent out and the company is permitting the patrons to pay at the office. The company s charging much higher prices for one month's service than when an annual rate was paid quarterly. The price for a burn-er under a water boiler is 75 cents instead of of 50 cents a month. The price charged for a cook stove is \$1.25 a month, while the annual rate was \$12 a year. The company claims it cannot afford to furnish gas at

Must Cease Business in Indiana. Cyrus E. Through an insurance journal Mr. Neal learned that the company is in the courts. Contested Election Case.

A contested election case, in which James M. Bolton questioned the right of William Clark to hold the office of treasurer of Vigo county, was decided by the Supreme Court vesterday in favor of Clark. In deciding the case the higher court affirms the decision of the lower court. Clark was the Republican candidate for treasurer of Vigo county, and Bolton was the Democratic candidate. The lower court decided that Clark had the office by a plurality of one vote. In its finding the Supreme Court declares that the burden was on Bolton to prove his assertion that he had a majority, and, as he failed to do so, the Circuit Court did right in giving judgment for the defendant.

Indiana University Trustees.

A subcommittee of the trustees of Indiana University was in town yesterday and in the morning met at the Grand Hotel and talked of the plans for a new power plant which is to be erected at the college. The site selected is very close to where the plant now stands. It is the arrangement to spend \$20,000 on the plant. The plans are so arranged that additions can be built to the plant when the funds of the university will permit. Yesterday afternoon the com-

Sound Advice.

To the Editor of the Indianapolis Journal; Would it not be wise for all parties concerned, both anti-Bookwalter and regular party Republicans, to call the incident of our local differences closed, and would it not be also wise for our out-of-town friends, namely, the Hon. C. B. Landis, of Delpht, and W. T. Hicks, of Bloomington, to think twice before they speak? Good Republicans who are liable to differ sometimes in local affairs are generally found in line in more important affairs, but at the same time most men are sensitive and will resent criticism when it comes from parties who are not personally interested, and I would suggest that all Republicans who have their party's interests at heart keep their thoughts to themselves. No Republican who voted against Mr. Bookwalter last Tuesday had any thought other than what he considered beneficial to his party. Now, if everybody will just keep his mouth closed we will come out all right and win many a battle
